

Let's talk budget.

You've completed your budget, now what?

It's time to determine how you feel about your spending habits to

find the budgeting tool that works best for you.

I'd like to keep my expenses in check.

I'm comfortable with what I'm spending.

Change your spending habits.

Automate your budget.

Where would you like to cut back?

One expense category
(i.e. dining out)

Many expense categories
(i.e. dining out, groceries, transportation, etc.)

Cash/Envelopes

- Set your spending limit for an expense category.
- Withdraw a fixed amount every week, starting on Monday.

Spreadsheets

- Put your monthly budget into a spreadsheet to closely monitor many different expenses.
- Save it to a cloud service to access it anywhere.

Automatic Transfers + Multiple Accounts

- Create bank accounts for each savings goal (vacation, emergency fund, etc.)
- Automatically deposit part of your monthly paycheck into each account.
